

## GALVIN WON'T TELL WHO'S BLAIRS FRIEND

Gov. Morrow Says He Wouldn't Tell Him, Either, and Mystery Still Remains

Frankfort, Ky., June 24—"I am not going to tell you anything," Maurice Galvin, Covington, chairman of the Republican State Central Committee, said today when asked for some information concerning the identity of Frank Blair, alias "John Doe," whose release from the reformatory, where he was serving a five year sentence for holding up Jack Henderson, of Louisville, was secured by Galvin through Governor E. P. Morrow. "I did not come to Frankfort for the purpose of discussing this matter," continued Mr. Galvin, "but on the contrary I am here to settle a race track license tax with the state auditor."

When questioned further as to whether he and the Governor had talked the Blair matter over he admitted that they had, but said if there was anything to be made public it would have to come from the Governor.

Although it was evident from the beginning that Mr. Galvin had no desire to discuss the Blair matter in any way, he was asked if he knew Harry Morris, of Toledo, Ohio, who visited Blair during his stay at the reformatory. "I do not," he said. "I have never seen him."

Gov. Morrow and Galvin were closeted for more than an hour, and at the close of their conference the Governor said that Mr. Galvin assured him that he did not know that Blair was wanted in Indiana on a federal charge; that some time in February or March, when he was asked to get a pardon for Blair, that he had his prison record looked up and found it to be all O. K. An investigation of the prison record shows that the notation on Blair's card to the effect that he was to be held for Indiana authorities was entered May 16.

Gov. Morrow was asked if Galvin revealed Blair's right name, but he only smiled in answer to the query, having stated that Mr. Galvin told him that he became interested in Blair through friends and acquaintances whose names he was not at liberty to reveal.

After the conference Governor Morrow made the following statement: "Mr. Galvin assured me that he knew nothing whatever concerning any other charges against Frank Blair. He did not know that he was wanted in Indiana or any other place. He said that in February or March he procured the prison record of Blair and at that time his record was good, no criminal history of any kind being connected with it. At the time he requested the pardon he did not make an further examination, relying on the one he had made first, and that the charge against Blair in Indiana was made, as he is now informed, afterwards."

"Mr. Galvin further said that he became interested in Blair through friends and acquaintances whose names he was not at liberty to disclose because these parties, on account of the notoriety of the case, did not care for him to do so."

"He said to me that he had no further statement to make in connection with the matter other than he received no fee and that had he known there was any further criminal charge against Blair he would not have requested his pardon."

"As for myself, I have nothing further to say. I have made a mistake and am sorry."

When asked if he was going to report the matter to the grand jury, the Governor said:

"So far as I am concerned I would welcome an investigation by the grand jury, but I am not saying that there is a necessity for one."

Mr. Galvin was accompanied by here by Judge William Burkamp, of Covington.

## JEFF D. MITCHELL IN MAYOR'S RACE

Former Executive of City Announces Candidacy Again and Points to His Record

Jeff D. Mitchell, who made a splendid mayor of Richmond a number of years ago, today announces his candidacy for the democratic nomination this year.

Mr. Mitchell has many warm friends all over the city and he says they have been urging him to get into this race and give the city the sort of administration that he did before. He points to his fine record he made during his term of office, in his card of announcement, which is as follows:

## To The Voters:

I announce myself a candidate for Mayor of the city of Richmond, subject to the action of the Democratic primary election to be held on the 6th day of August, 1921. In making a selection for this most important office, it is the civic duty of the taxpayer and voter to choose a man of experience, possessing the requisite executive ability; and one man who has the will-power and heartfelt inclination to look after and care for the very best interests of the city at all times and under all conditions, recognizing the rights of the citizen-stockholders composing our municipal corporation—the city of Richmond. This office should not be converted into a sinecure, or any one placed therein who merely seeks the position for the salary or to satisfy social vanity, simply wearing the epaulettes of official honor.

Service is what the city pays for, and service, honestly and faithfully rendered, it should receive in return. Too frequently public money is unwisely expended. No adequate service is rendered or value secured; and then, possibly without justification, the public servants are denounced for lack of civic pride, business ability, keen foresight and an unsuccessful and unsatisfactory administration. The people have no legal right to indulge such complaint because they make the selection, pay all the bills, and failing to safeguard their joint and individual interests at the ballot box, the inevitable result will follow.

It is proper for me to state and the record will support the statement, that during my term as Mayor of Richmond, at a time when the city had only about 3,600 inhabitants, with only a tax rate of 85 cents on the \$100, and an assessment of \$1,380,000, more constructive work was done, and service of that sort rendered than during any previous administration within the history of our city—and less noise made about it. During that administration fourteen of the principal streets were constructed and improved. The Mayor secured all needed rights of way without cost to the city, and reconstructed all the old streets and left them in good repair. We paid off and discharged an outstanding indebtedness of \$8,000.00 and over against the city, and your humble servant retired at the end of his term leaving more than a snug balance in the treasury to the credit of the city. This is the record. Investigate it. During that administration the Mayor and the police force, under his authority, made it a point, as an official duty, to visit, examine and investigate every street and alley belonging to the city, thereby, in addition to other official duties, looking after and caring for the best interests of the public and did so successfully.

I am for a bigger, richer, better, happier and more contented Richmond. My claims on the Democratic voters of the city it is needless to set out. I have ever been a staunch and loyal Democrat and am so yet.

Perhaps it is not improper to call attention to the fact that the city now has an assessment of about four and a half million dollars worth of property, and an indebtedness approximately of \$175,000.00, consisting of bonds, miscellaneous accounts, &c., and we still have the new school bonds to take care of.

If nominated, I will be elected, and I promise to give time, energy and best service, experience, ability and most strenuous endeavor.

Respectfully,  
JEFF D. MITCHELL

As this will be the first time the ladies will vote in a municipal election in Richmond, I make a special appeal to the women voters for their support in this election. I well know that they stand for the best interests of the community, and for everything appertaining to good government, and the educational and moral uplift of Richmond. I will be grateful for their support.

My claims for the nomination are respectfully submitted to the Democratic voters of Richmond for their decision, and will surely appreciate your support and the support of all.

## TELLS OF CHINESE SLAVE GIRL TRAFFIC

(By Associated Press)  
Des Moines, Iowa, June 24—That Chinese slave girl traffic is "going on right under our noses of our city officials," was the statement made by Dr. Charles R. Shepherd, of Los Angeles, Calif., general missionary among the Orientals, at the Northern Baptist Convention in this city today. "I know from personal experience and not from hearsay, that this is a fact," he declared, citing the instance of a Chinese girl 16 years old sold in San Francisco for \$2,700.

In speaking of the tongs of the country, Dr. Shepherd said, "These tongs are not only an insult to the churches of America, they are an insult to the great Masonic order. Over the entryway of one of the bloodiest and most powerful fighting tongs in America is a sign 'Bing King Tong, Free Masons.' It masquerades as a Masonic lodge, while it is made up of those who engage in the traffic in Chinese girls, who labor to frustrate our laws, who plan bloody murder, and who pay professional assassins to carry out their plans."

The Chinese, as a whole, make good citizens, however, Dr. Shepherd maintained. The better class among them own their own homes, participate in community affairs, and throw themselves in to all great national movements, he said.

## LEAVES BIG GAP IN NORMAL FACULTY

Dr. Bruner Accepts Offer of Chair With Big Baptist College in Illinois

Dr. James D. Bruner, head of the English department in the E. K. S. N. School, has been elected Prof. of Modern Languages in Shurtleff College, the great Baptist College of Illinois. Prof. Bruner was not an applicant for the position, though he let it be known to some of his friends that on account of certain conditions at the Eastern Kentucky Normal, he was open to an appointment. The professorship at Shurtleff is a life position. The College is located in the beautiful city of Alton, within twenty-one miles of St. Louis.

Dr. Bruner was formerly a student in Georgetown College, which gave him the honorary degree of Doctor of Letters in 1917. He is also a Doctor of Philosophy of Johns Hopkins University. He studied and travelled a year in France, Italy and Switzerland. He has held such important positions as professor of Romance Languages in the Universities of North Carolina and Illinois. His textbooks are extensively used in the colleges and universities of the country, among them being such institutions as Vanderbilt University, Washington and Lee University, and the Johns Hopkins University. For a number of years he has been in "Who's Who in America."

Dr. Bruner is a Kentuckian, the son of Rev. I. W. Bruner, and the cousin and brother-in-law of Dr. Ben L. Bruner.

The host of friends and admirers of both Dr. and Mrs. Bruner, that they have made during their long residence in Richmond, will regret exceedingly to see them leave.

Friends of Eastern Normal, realizing the splendid scholarship of Dr. Bruner, his broad culture, and wide experience in educational affairs, feel that his going leaves a gap in the faculty of the institution which will be hard to fill.

## OWEN WALKER'S CASE REVERSED

The Court of Appeals at Frankfort Friday reversed a judgment of a jury in the Madison circuit court, which sentenced Owen Walker, colored, to a year in the penitentiary on a second conviction for selling whisky illegally.

Attorneys R. C. Oldham and John Noland, counsel for Walker, were notified of the Court's decision Friday morning. The opinion was handed down by a unanimous vote of the court and was written by Judge Settle.

The grounds relied upon by Walker's attorneys in their appeal, were that his first conviction for selling liquor was obtained in court before the action of the legislature, making a second conviction a felony and subject to a penitentiary sentence. They argued that two convictions must have been obtained after the passage of the law. Although the text of the opinion has not yet been received here they are confident that the state's highest court has upheld their contention.
